

Paddling Lake Superior's east coast - July 2010

Every summer a few of us go on a paddling trip - either by canoe or sea kayak. Past ones have included the Stikine, Clearwater, Nahanni, Missinaibi, Wind, Coulonge, Gwaii Haanas, Pukaskwa, and others.

This July 2-11, my wife and I will paddle our Necky tandem kayak about 100km south from Michipicoten along Superior's east coast. Highlights include the cleanest water in Canada, granite, sandy coves, and maybe a lake trout. We are both over 60, so are obviously having difficulty shaking this paddling addiction.
